### CITY NEWS.

**Annual Meeting at Washington**—The work of the organization.  
WASHINGTON, D. C., April 27.—The annual meeting of the American Tract Society was held last night. Dr. E. O. Chase, president, presided, and addresses were made by Justice David J. Brewer of the Supreme Court and the Rev. Wm. A. Rice, secretary of the society.  
The report of the secretary showed that the receipts for the year from all sources were in round numbers \$50,000. The society has issued in the sixty-six years of its existence 7,500 distinct publications in this country and 4,000 in foreign countries. It publishes six periodicals. It issues many publications. During the past year it has employed 100 colporteurs which have labored in thirty-four of the States and territories. They have made 118,088 family visits and put into circulation 8,000 volumes of Christian literature. They found 2,341 families who never attend church, 5,719 without the Bible and 18,508 without religious reading matter. The tract society has just completed fifty years of this colporteur work. It is estimated that there are to-day in the United States at least 20,000,000 people who are not reached by the existing organized denominational agencies. It is among these outside masses of people that the American Tract Society is in the main laboring. The society is an evangelical organization, receiving its support and encouragement from all evangelical churches. It is undenominational but thoroughly Christian. In addition to this general work it does a special work in the army and navy among seamen and prisoners. Its appropriations for work in foreign fields have amounted, in its history, to more than \$50,000.

### The Hatfield-McCoy Feud Still On.

PAKERSBURG, W. Va., April 27.—The report of a marriage, which it was alleged would occur on Tuesday next between a son of Hatfield's and a daughter of McCoy's, and which marriage would seal the bonds of peace between these warring families, is declared by a journal published in the town to be the trouble to be without foundation. For two years no outbreak has occurred between these families, but the marriage of the two sons, a small provocation is alone necessary to precipitate more trouble. No wedding has been thought of.

## THE KING JUMP.

President Von der Ahe Discusses the Action of the Pitcher.

### THE CLUB WILL TRY TO EXIST WITHOUT THE TWIRLER'S SERVICES.

Charley Johnson Will Back Sullivan Against Slavin for \$50,000—Trainer Mike Bowerman Reinstated at Lexington—Talk of a Match Race Between Racine and Geraldine.

The news of Pitcher King jumping his St. Louis contract, which was published exclusively in yesterday's ST. LOUIS POST-DISPATCH, has been confirmed. An Associated Press telegram received this morning from Pittsburgh reads:

"The St. Louis pitcher, whose intention has been to jump his contract, has been reinstated by the club. He has signed a contract for \$50,000, which he will not sign with them for \$15,000 a year."

President Von der Ahe of St. Louis arrived here this morning and was asked about King. "I see that he has jumped his contract with St. Louis," he said. "After signing a contract for \$50,000, which he will not sign with them for \$15,000 a year."

King entered into good faith, he suddenly discovered that the contract was illegal. His discovery was based upon an offer from Palmer O'Neil of \$5,000 to play with Pittsburgh. King has been coached to take the step on the pretext that the contract is not binding. I am personally responsible to King for his salary, and I have denied him the right to act to protect myself and my club interests against the trickery that has been resorted to by the St. Louis club. I see he is trying to make the people of Pittsburgh believe that no amount of money would induce him to play here. Why, he told a representative of the St. Louis club that if we paid him as much or more than Pittsburgh we could have him. We refused to pay him \$5,000 and he went to Pittsburgh."

"What steps do you intend to take?" "I shall do nothing hasty. His contract to play ball in St. Louis is binding. Three attorneys have told me, and I enjoin him I will do so both in Pittsburgh and Ohio."

"Will you get another pitcher?" "Yes, get two more, if necessary. We are not losing any sleep over King's defection."

"TO-MORROW'S GAME." The second championship game between the Browns and Louisville will take place tomorrow afternoon at Sportsman's Park. The Louisville have shown that their club strength is of a genuine nature and that their victories are not fakes. They are putting up a high-class article of ball, which keeps their opponents guessing to beat them. The two great pitchers, Griffith and Doran, will oppose each other. Play will be called at 3:30 o'clock.

### SUNDAY BALL AT CINCINNATI.

The efforts to stop the playing of Sunday ball in Cincinnati bid fair to prove a failure. Public sentiment there is in favor of the sport. When the Sunday law agitation was begun three years ago the authorities did not arrest the players and give them considerable trouble, but the men were let off with light fines. Probably no attempt would have been made to interfere with the Sunday ball this season were it not for the fight between the National League and American Association, both of whom have clubs located at the Queen City. The League partisans began an agitation of the question and cried for the suppression of Sunday ball. The American Association, however, prohibits its members from taking part in Sunday games. As a result of this agitation at a meeting of ministers a resolution was passed calling upon the authorities to enforce the law against Sunday ball. Yesterday the association played, nevertheless, and the authorities made no attempt to interfere with the game, but at the conclusion arrested the players. The men will probably get off with light fines. The attendance at the Cincinnati games both Saturday and yesterday was very large.

### THE TURF.

It is reported that Maltese Villa people are anxious to match the flying Geraldine against the Palo Alto crack, Racine, at one-half or three-quarters of a mile for big stakes, says the San Francisco Call. The Palo Alto division seems to prefer seven furlongs to either of the above distances, and would probably give heavy odds at a mile. At the latter distance Geraldine would not be matched against him, and possibly at seven furlongs, but at either four, five or six furlongs Racine's supporters need not fear what they are to be accommodated to the limit. Charley Boats thinks he has a world-beater in Invitation, and at San Jose expressed his association were to offer a special purse for Geraldine, Racine and Invitation at six furlongs, and set the date at such a time that President Harrison could visit the Bay District Track, the interest would be at fever heat and the attendance enormous. The idea might perhaps be worth the consideration of the association.

### THINKS RACINE A WORLD-BEATER.

"I regard Racine as the greatest living racehorse," said speaker Cooke to a party of friends at the Grand Hotel, San Francisco. "Tenny and Salvo, of course, are both magnificent animals, but I do not believe either of them is a match for the Palo Alto. If it came down to a contest of speed and endurance between the two, I believe both Tenny and Salvo would be like a speed on a bottle—they wouldn't be in it. I sold Racine's grandeur to Senator Stanford and he has been watching the colt with a great deal of interest and may have allowed my prejudice, but I am firmly of the belief that he will prove a world-beater during the coming season. Just watch him closely and see I am not right in my judgment. I am willing, at all events, to risk my reputation as a prophet on the matter and have no fear of the result."

### BOWERMAN REINSTATE.

LEXINGTON, Ky., April 27.—The resolution passed by the Board of Directors of the Lexington Fair Association a week ago expelling the noted trainer and driver, Mike Bowerman, has been annulled. A letter from Bowerman, in which he declared the trouble between President Whitman and himself was of

a personal nature, that he had no unkind feelings for the board nor the association, and hoping they considered the trouble in the same light, was read. He expressed the hope that they would appoint one of their own number to transact business with him, and thus avoid further trouble with Mr. Whitman. The resolution of a week ago expelling Bowerman was rescinded. The many trotting horses were almost a unit in their support of Mr. Bowerman.

### NASHVILLE MEETING.

NASHVILLE, Tenn., April 27.—Fifty-five horses arrived here Saturday morning from Memphis and something over three hundred yesterday. The hotels are filled up with people to attend the yearling sales to-day and to-morrow and the races, which begin to-morrow (Tuesday) afternoon. About twenty-five bookmakers will lay the odds. Stable room has been engaged for 575 horses. The meeting will last seven days. J. J. Burke of New York will be presiding judge and James Sheridan starter.

The programme for to-morrow, in addition to the \$2,000 sweepstakes, includes an introductory purse of \$50 for 2-year-olds and upwards, with allowances, six furlongs; four furlongs dash for 2-year-old fillies for a purse of \$400 with allowances; selling purse \$400 for 2-year-olds and upwards, one mile, and a purse of \$500 for 2-year-old colts with allowances, four and a half furlongs. An entrance fee of \$10 will be charged to each of these races.

Yesterday a large number of people were at West Side Park to see the horses at work. The crisp air made both man and beast feel good and while waiting faster than 204 for a half mile and 1:46 for a mile was recorded several flyers looked as if they could go a bit faster if necessary. The track is in fine condition and the weather beautiful.

### ALABAMA DEAD.

DATON, O., April 27.—Albaster, the gray stallion, with a record of 2:16, died this morning from pneumonia. He was valued at \$40,000.

### THE KING.

BROOKLYN, April 27.—Charley Johnson, the sporting man who has backed John L. Sullivan in more than one of his pugilistic encounters, said last night in reference to Sullivan's expressed desire to meet Sullivan in the ring: "I'll slavin is anxious to meet Sullivan and willing to back him for \$50,000, but not a dollar less, as he would have to break the theatrical contract, which has a year and a half to run. Sullivan, by fighting, has considerably lost his nerve. He would not fight Slavin wants to fight he'll have to put up \$20,000 or nothing."

### KID GRAY WON.

LITTLE FALLS, N. Y., April 27.—"Kid" Gray of Utica and Charley McCann, the Little Falls sprinter, fought seven rounds in a barn on Tower farm, near Herkimer. Both were in excellent condition. Gray was the favorite, and from the start forced the fight. McCann had the best of the first three rounds, but lacked the courage to force the issue. By a swinging blow in the seventh round Gray knocked the blacksmith insensible and ended the fight.

### GRIFTH AND WEIR MUST FIGHT.

BOSTON, April 27.—Grifith refuses to divide the \$1,000 purse of the Ajax Club between Grifith and Weir, and says they must fight to a finish before Wednesday night or get only \$100 apiece. Grifith is willing, but Weir says he is not in condition to fight by Wednesday.

### THE WHEEL.

Yesterday was an ideal day for cycling, the roads and the weather being all that the local cyclist could wish. The boulevard and the parks were fairly alive with wheelmen and the regular runs of both clubs were well attended. The Michigan and the Baltimore on Saturday evening and continued their ride to the county line on Sunday. The Cycling Club's run had Belleville for its objective point, and the members were well entertained in grand style by the Calumet Cycling Club of that city. The main topic of conversation between the wheelmen was the Pike county tour, which takes place on Sunday next, and the unusually attractive programme is under a large number of participants in this affair for the first time. The tour offers an excellent opportunity to local wheelmen to acquire the acquaintance of cyclists from different cities, as well as to renew old friendships, and it is expected that many tickets will be sold the next meeting which occurs on Thursday evening at the Missouri Bicycle Club. Intending participants are requested to have their bicycles clean and in good order. The bearings should be in good condition, as the coasts will be grand. Tool bags should contain the usual complement of tools and a filled oil can must not be overlooked. The photograph will be a valuable souvenir of the tour, and many participants will doubtless carry home copies of it. The entries for the road race are coming in rapidly and the handicaps will be announced on Friday. Reports from Louisiana state that the prizes have been finished and are on exhibition at the Palmer House. They will be presented at the evening entertainment.
